Re: EnviroChem Site

Dear Ms. Maxwell:

Last week I received from a PRP group a printout of transactions between Container Corporation of America (CCA) and EnviroChem. In addition to 7,500 gallons from Muncie, Indiana that we already knew about, the printout shows 26 drums from Piqua, Ohio. We have no facilities in Piqua. However, we formerly had a plant making paper cans there prior to the sale of that division to Sonoco Products Company. Any records of that plant's operations would be in Sonoco's possession. In order for us to evaluate this new entry, will you please send me a copy of whatever documents EPA has relating to this transaction.

My address is:

Roy Cobb
Environmental Counsel
Container Corporation of America
8182 Maryland Avenue, Suite 1100
Clayton, Missouri 63105
Tel. (314) 746-1154

Thank you for your assistance.

Very truly yours,

Roy C. Cobb, Jr.
Environmental Counsel
